About Neev Shakti Sanstha

Organization Introduction

An NGO dedicated to empowering persons with disabilities by promoting inclusion, equal opportunities, and independent living — improving quality of life through education, skill development, awareness, community participation, and access to government welfare schemes.

- Education & skill development for persons with disabilities
- Awareness on disability rights & social inclusion
- Assistance with UDID / Aadhaar cards, certificates & pensions
- Educational, recreational & community engagement activities
- Awareness campaigns, cleanliness drives & environmental work
- Household surveys & data analysis for community welfare

A Neev Shakti Sanstha community outreach stall organised with the district administration.

Focus: Disability inclusion & independent living

Internship Objectives & Role

Gaining practical exposure to community service, disability inclusion, and NGO functioning

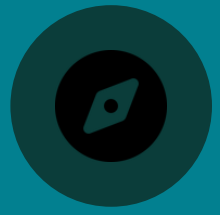

Objectives

- Understand the mission and working model of the NGO
- Gain practical knowledge of disability inclusion & welfare
- Interact with beneficiaries and understand their needs
- Participate in awareness campaigns & outreach activities
- Support educational, recreational & skill-building sessions
- Contribute to environmental initiatives & cleanliness drives
- Support survey data organisation, analysis & reporting
- Develop communication, teamwork & problem-solving skills

Role & Responsibilities

- Assisted NGO staff during orientation, awareness sessions & outreach programs
- Interacted with beneficiaries; supported educational & recreational sessions
- Took part in awareness campaigns, poster-making & Best Out of Waste activity
- Participated in a community cleanliness drive and related environmental work
- Accompanied the NGO team on a beneficiary field visit
- Assisted in organising and reviewing household survey data
- Supported basic documentation and activity-related reports

Week 1 — Orientation & NGO Immersion

22 – 26 July 2026

Key Activities

- Oriented into the NGO's mission, ongoing projects & day-to-day operations
- Attended session on the NGO's history and the services it provides
- Observed staff coordinating educational, counselling & welfare services
- Interacted with beneficiaries during learning & recreational activities

Learning Outcome

Every beneficiary was treated with patience, respect and dignity — staff focused on building confidence and independence. Gained a much deeper understanding of disability inclusion than theory alone could offer.

Skills Developed

Communication

Observation

Teamwork

Empathy

Week 2 — Awareness & Creative Activities

28 July – 1 August 2026

Key Activities

- Took part in sessions on disability inclusion, education & environment
- Contributed to the Best Out of Waste activity — reusing paper, cardboard & plastic bottles
- Helped design awareness posters on inclusion, cleanliness & responsibility
- Supported beneficiaries during an Earth Day creative session

Learning Outcome

Creative activities proved highly effective in conveying social messages, with beneficiaries showing great enthusiasm. Strengthened understanding of how sustainability and inclusion reinforce each other.

Skills Developed

Creativity

Coordination

Environmental Awareness

Teamwork

Week 3 — Cleanliness Drive & Community Engagement

3 – 7 August 2026

Key Activities

- Took part in a cleanliness drive promoting hygiene & public participation
- Worked alongside volunteers to collect litter & encourage waste disposal
- Participated in a community outreach event with local administration
- Interacted with beneficiaries and community members throughout

Learning Outcome

A clean environment is a shared responsibility — even small collective efforts make a real difference. Continued interaction deepened understanding of accessibility, inclusion and equal opportunity.

Skills Developed

Communication

Teamwork

Environmental Awareness

Social Responsibility

Week 4 — Beneficiary Visit & Survey Data Analysis

8 – 13 August 2026

Key Activities

- Accompanied the NGO team on a field visit to beneficiaries
- Observed support for livelihood & self-employment opportunities
- Assisted in organising & reviewing household survey data (Aadhaar, UDID, disability status, pension, employment)
- Helped sort responses, check completeness & summarise key observations

Learning Outcome

Accurate data collection and systematic analysis are essential for NGOs to identify community needs. As a B.Tech CSE – AI & ML student, found this manual exercise valuable for appreciating evidence-based decision-making.

Skills Developed

Data Organisation

Documentation

Critical Thinking

Community Engagement

Skills & Learning Outcomes

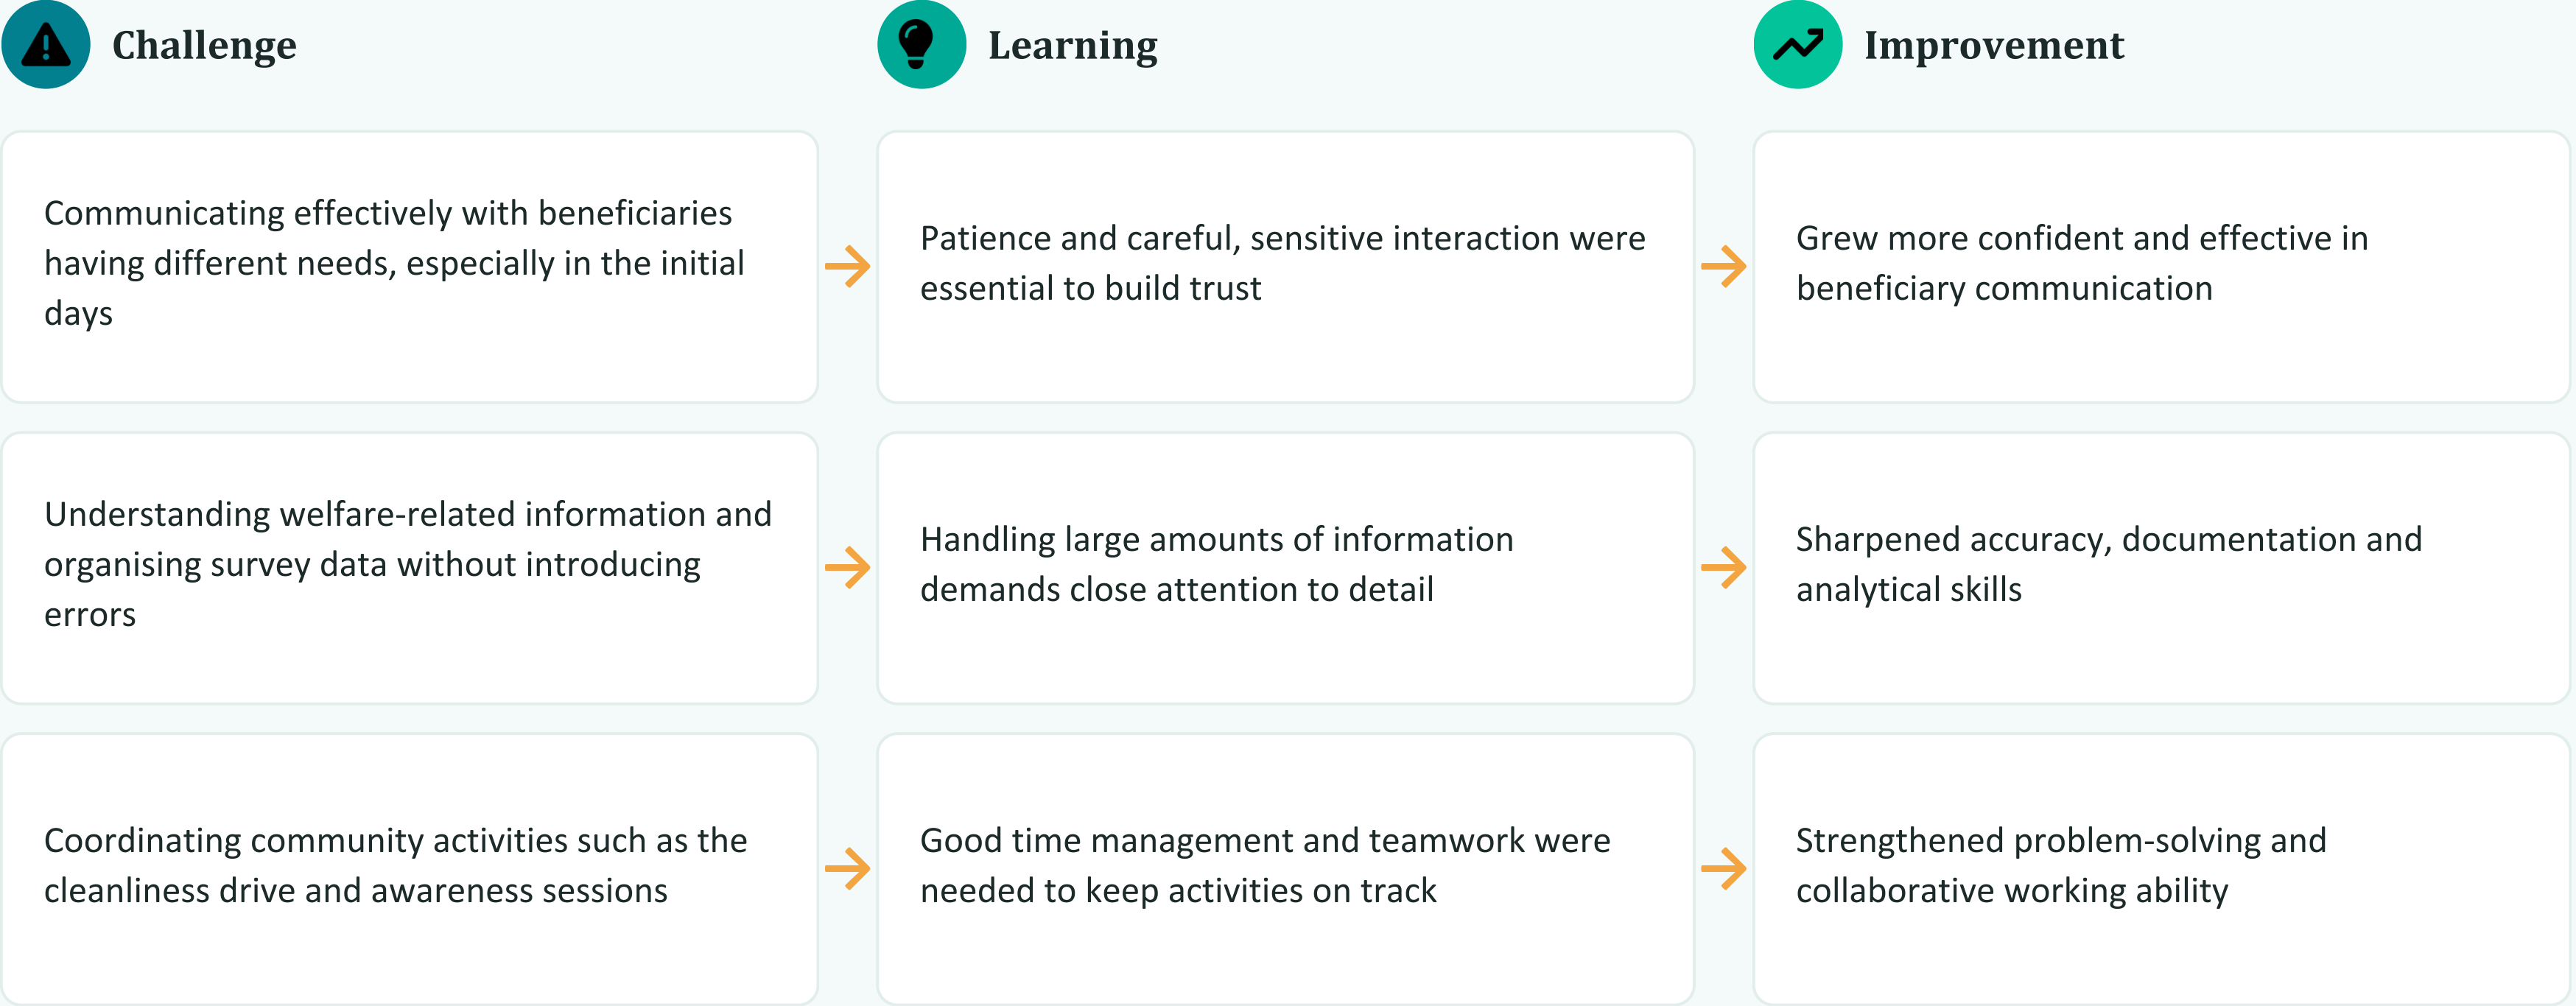

Skills Acquired

 Communication	 Teamwork & Collaboration
 Leadership	 Problem-Solving
 Time Management	 Observation
 Analytical Thinking	 Data Organisation
 Report Writing	 Community Engagement
 Creativity	 Environmental Awareness
 Empathy & Social Responsibility	 Adaptability

Key Learning Outcomes

- Practical exposure to community service & disability inclusion beyond classroom theory
- Learned the value of patience, empathy & effective communication with beneficiaries
- Saw how collective, community-driven effort creates meaningful social change
- Understood how evidence-based approaches strengthen social work through survey data
- Reinforced the value of organisation, accuracy & clear documentation

Challenges & Personal Development

With guidance from NGO staff and consistent practice, these challenges were overcome — strengthening confidence, communication and problem-solving abilities.

Internship Journey & Conclusion

Conclusion

This internship was a valuable and enriching learning experience — deepening understanding of community service, disability inclusion, and social responsibility through direct engagement with beneficiaries, awareness and environmental activities, and survey-based social research.

It strengthened essential skills — communication, teamwork, leadership, and analytical thinking — while building confidence and empathy, and has inspired continued contribution to community welfare in the future.

With Gratitude

Grateful to Neev Shakti Sanstha and IILM University for the opportunity to learn, serve, and make a positive contribution to the community.

60 Hours • 4 Weeks • 1 Meaningful Experience

THANK YOU
